

MANAGER'S MINUTE

August 2020

With the whole world focused on the COVID-19 virus we sometimes forget about the other viruses that wreak havoc with us. This was never so true as my experience, the last two and a half months, dealing with the shingles virus. I do not remember how many times I sat or stood in the pharmacy looking at those horrible pictures and saying to myself, I need to get the shots, so I do not end up with shingles. I never got the shots. September is National Disaster Preparedness month, and this is the time to stock up on food, water, batteries, flashlights, keeping extra gas on hand and a host of other necessities to be prepared for the potential natural disasters that we in the Pacific Northwest have come to expect during most winters. These natural disasters come in the form of power outages, floods, windstorms and, of course, snow. So, do not do what I did and put it off until it is too late and one of these common disasters happen and you are not prepared.

We have now completed the face lift on City Hall which included the replacement of rotten siding, new paint, new ADA front doors and rock facing from the bottom of the wall up to the bottom of the windows. Please come on in and tell us what you think.

During the period of June through August, your City Council acted on the following:
