

Recycling

Five Great Reasons to Recycle

- Recycling reduces the amount of waste that ends up in landfills or that is burned or combusted
- Recycling conserves precious natural resources like wood, water, and minerals
- Recycling saves energy
- Recycling reduces emissions that contribute to global climate change
- Recycling can save businesses money due to decreased trash volume

Recycling Services—Residential

Recycling services in Winston are administered by Winston Sanitary Service. Curbside recycling is picked up each week; residents who have signed up for trash service can receive a designated tub to be used for recycling corrugated cardboard, newspaper and tin/aluminum cans.

Recyclable material is also accepted the Douglas County Landfill, I-5 exit 121 at McLain Ave., Roseburg.

Recycle televisions and old electronics at Goodwill located at 241 NE Rifle Range Rd. in Roseburg 8am to 6pm daily.

Volunteer Opportunities

Residents who would like to be more involved in local recycling efforts are encouraged to volunteer for the Douglas County Solid Waste Advisory Committee. The committee is comprised of residents and government representatives from Douglas County Public Works Department, 541-440-4255.

Contact

- To contact Winston Sanitary Service about depot locations or collection services, call **541-679-7777**.
- To contact City of Winston staff about questions related to recycling inside the City, including public involvement opportunities, call City Hall at **541-679-6739**.
