EXPLANATORY
STATEMENT

Ordinance 22-706

Approval of this measure would prohibit the establishment and operation of certain psilocybin product manufacturers and service center operators licensed by the Oregon Health Authority. Psilocybin mushrooms are wild or cultivated mushrooms that contain psilocybin, a naturally occurring psychoactive and hallucinogenic compound.

Measure 109, approved by Oregon voters in November 2020, provides that the Oregon Health Authority shall license and regulate the manufacturing, transportation, delivery, sale and purchase of psilocybin products and the provision of psilocybin services.

Under Measure 109, cities and counties may place referendums on local ballots to prohibit psilocybin-product manufacturers and/or psilocybin service centers within their jurisdictions. The City Council of Winston has adopted a resolution referring this measure to ban such uses in the City of Winston to the voters.

If approved, this measure would prohibit licensed psilocybin product manufacturers and service center operators from operating within the City.

The authority to impose a tax or fee on the manufacturing or sale of psilocybin products, or the provision of psilocybin services in Oregon is vested solely in the Legislative Assembly. Additionally, Measure 109 prohibits a city from adopting or enacting an ordinance imposing a tax or fee on psilocybin manufacturing or the provision of psilocybin services. Consequently, approval of this measure should not have any revenue impacts on the City.
