WESTSIDE SANITARY SEWER AND ROADWAY IMPROVEMENTS PROJECT.

Rose Street, Rose Avenue, Sherry Street, Glen Ct, Pipe Bursting Abraham Avenue to Lookingglass Road

The time has come, and we are excited to announce that we now have an estimated start date for the Westside Sewer and Roadway Improvement Project!

Cradar Enterprises will be our Contractor for this project, and they have provided us with an estimated mobilization start date of January 23, 2023, and an ending date of mid to late June 2023. The work is expected to begin on Sherry / Rose Street, with Pipe bursting on Abraham being the final sewer work, followed with paving and approaches being the final road work in June, once that is completed final clean up and punch list items will be completed end of June. We ask that during this time you be patient and understanding with our contractors for these are narrow streets and there will be several pieces of machinery on site.

A brief description of the scope of work shall include the replacement of approximately 915 lineal feet of 8” sewer mainline, sanitary sewer manholes and 15 sanitary sewer laterals from the mainline to the edge of City right of way. Pipe bursting 310 lineal feet of 15” sewer main line Abraham to Lookingglass and 188’ off Rose Avenue. The project will also include drainage improvements along Rose Street, with roadway reconstruction Rose, Sherry, within the sewer replacement limits and the Reconstruction of Glen Court.

For more information, please contact Winston’s Public Works Department at (541) 679-6114
