2. **Old Business:**

A. Storage contracts for space at River Bend Park

The board further discussed the storage situation at River Bend Park. Merging the two units together to free up space was brought to the discussion. The board decided to visit the site with the new board members so that everyone was on the same page and could see the size of the space. Once all members could see the space, discussion continued. Clay expressed concern about the rooms being too small to share. Andy suggested tabling any further discussion on merging the two parties together in one room until after the organizations have a chance to clean and organize their spaces. This will allow them to better access the amount of space needed.

3. **New Business**

A. Park Project submission:

The board was presented with a request to alter the current storage area in the pavilion at River Bend Park that is utilized by the seniors. The board voted to table the decision until further information could be gathered.
